4:00-4:45 CONFERENCE ENDS: Have a great weekend!

WELCOME TO OUR CONFERENCE CHALLENGES IN OB/GYN PEARLS FOR PRACTICE
It is a pleasure to invite you to our Annual Meeting of Obstetrics and Gynecology and Conferences on October 26th and 27th, 2017. We have invited distinguished faculty from around the country to give state-of-the-art lectures, including:

Dr. Julia Johnson, Professor and Chair of Obstetrics and Gynecology at University of Massachusetts, for whom we are excited to have arranged a series of sessions in managing the patient post-midwifery and optimizing bone health.

Dr. James M. Shwayder, Professor and Chair of Obstetrics and Gynecology at University of Mississippi, who will discuss how to avoid medical-legal issues with contraception, and counseling and challenges within the OB/GYN field.

Dr. Jamie N. Bakkum-Gamz, Associate Professor of Obstetrics and Gynecology at Mayo Clinic, who will discuss how to achieve “enhanced recovery” after surgery by implementing a multimodal approach directed at optimizing the patient experience, standardizing perioperative care and improving outcomes.

Several of our own distinguished faculty are offering “pearls for practice” in their areas of expertise, including:

• Brain and cognition during the menopausal transition
• Management of premature ovarian insufficiency
• Placement of LARC immediately after delivery
• Reducing risk with gynecological procedures
• Fetal Heart Rate Monitoring
• Hereditary cancer syndromes
• Hormone replacement in gynecologic cancer patients

There will be ample opportunity to meet with all of the distinguished faculty to discuss clinical cases and OB/GYN issues, or to meet with colleagues and patients, over coffee or lunch. This year, we will be having our first Global Women’s Health Reception and Fundraiser please join us on Thursday evening.

I look forward to meeting healthcare providers who attend this Conference for the first time, and reuniting with colleagues, friends, and healthcare providers from throughout the state and beyond, and especially meeting with UIC alumni. Mark your calendars, register online, and hope to see you soon!
